"YOUR CONTRIBUTION = THEIR HOPE"

**I DID NOT CHOOSE TO HAVE
CEREBRAL PALSY -
"HELP!"**

Government Hospitals, Klinik-Klinik 1 Malaysia and Private Medical Centres have been extending their services in Health care for the General Public. Are the facilities of Health Care for the disabled keeping pace with these developments?

The National Council for Spastic Children's Associations in Malaysia holds an Annual Seminar to bring together rehabilitation professionals, educationists, care givers, volunteers and interested persons to take stock of advances in the care of PWD in general and persons with cerebral palsy in particular.

SCHOOL PERCUSSION BAND ACTIVITIES
